Page Index

Protected routes redirect unauthenticated visitors to **/login**. Each section below documents the concrete routed screen captured during testing.

#	Page	Route	Purpose
AUTHENTICATION & PUBLIC PAGES			
1	Landing Page	/	Marketing homepage that introduces JusticeLink's mission and directs visitors to register or sign in.
2	Login	/login	Email and password authentication entry point for Citizens, Attorneys, and Administrators.
3	Register	/register	New account creation for Citizens (Ditid ID verification) and Volunteer Attorneys (manual credential review).
4	Forgot Password	/forgot-password	Password recovery screen for users who cannot access their account.
CITIZEN PORTAL			
5	Citizen Dashboard	/public/dashboard	Central overview of a citizen's active cases, recent attorney communications, and quick-action shortcuts.

#	Page	Route	Purpose
6	Get Legal Help (Triage)	/public/triage	AI-powered questionnaire that assesses a citizen's legal situation and formally files a case for attorney assignment.
7	Rights Library	/public/rights	Searchable educational resource covering Philippine legal rights across multiple categories.
8	Document Generator	/public/documents	AI-assisted legal document drafting from predefined templates covering common Philippine legal situations.
9	Messages	/public/messages	Private messaging interface between the citizen and their assigned volunteer attorney.
10	Notifications	/public/notifications	Centralized alert feed for all activity on the citizen's account.
11	Profile	/public/profile	Personal account management: update personal information, view verification status, and access generated documents.
ATTORNEY PORTAL			
12	Attorney Dashboard	/legal/dashboard	Activity overview showing caseload statistics, pro-bono hour progress, and recent case updates.
13	My Cases	/legal/cases	Case management table for all active cases assigned to the attorney.

#	Page	Route	Purpose
14	Clients	/legal/clients	Directory of all citizen clients currently assigned to the attorney.
15	Case History	/legal/history	Read-only archive of all closed and resolved cases handled by the attorney.
16	Pro-Bono Hub	/legal/probono	Progress tracker for the IBP-mandated 60-hour pro-bono service requirement per 3-year period.
17	Service Logs	/legal/service-logs	Time-tracking log for pro-bono hours per case, used for IBP compliance reporting.
18	Messages	/legal/messages	Unified messaging inbox for communicating with all assigned clients.
19	Attorney Profile	/legal/profile	Professional profile management: credentials, areas of practice, verification status, and account settings.
ADMIN PORTAL			
20	Admin Dashboard	/admin/dashboard	Platform-wide KPI overview: total users, active cases, pending verifications, and system health.
21	Account Management	/admin/accounts	Full CRUD interface for managing all user accounts across all roles.
22	Attorney Verifications	/admin/attorney-verifications	Review queue for attorney credential verification requests pending admin approval.

#	Page	Route	Purpose
23	Audit Logs	/admin/logs	Immutable event log for all significant system actions, supporting compliance and security monitoring.
24	System Settings	/admin/settings	Platform configuration: maintenance mode, feature flags, email notifications, and database backup/restore.

1. Landing Page

ROUTE	/
SCREENSHOT FILE	00_landing.png
ACCESS / ROUTING	Public — no authentication required. All visitors can access this page.
PURPOSE	Marketing homepage that introduces JusticeLink's mission and directs visitors to register or sign in.

User Flow

A first-time visitor reads the hero section, learns about the platform's three core features (AI-powered legal triage, Didit identity verification, and document generation), and clicks either "Get Help" to register as a Citizen or "Volunteer" to register as an attorney.

Main Screen Areas

- Hero section with mission statement and two primary CTAs: Get Help and Volunteer.
- Feature overview cards: AI-powered triage, Didit ID verification, legal document generator.
- "How It Works" section explaining the 3-step process for citizens.
- Navigation bar with Login and Register links.
- Footer with contact and legal information.

Detected Page Structure

Key headings	Who are we Mission Vision Accessible legal tools Smart Legal Triage Know Your Rights Library
Visible buttons / actions	None detected
Inputs / selects	None detected

Documentation Notes

The landing page is fully public and does not redirect authenticated users. Authenticated users can still navigate to their portal via the Login or sidebar links.

PAGE SCREENSHOT

BRIDGING THE JUSTICE GAP

Libreng legal help para sa bawat Pilipino

Direktang koneksyon para sa ating mga Kababayang nangangailangan ng tulong mula sa mga volunteer lawyers. Libreng legal resources, document generators, at smart triage para sa iyong karapatan.

[Humingi ng Libreng Tulong →](#)

[Para sa mga Lawyers](#)

2. Login

ROUTE	/login
SCREENSHOT FILE	01_login.png
ACCESS / ROUTING	Guest-only route. Authenticated users are automatically redirected to their role dashboard.
PURPOSE	Email and password authentication entry point for Citizens, Attorneys, and Administrators.

User Flow

A returning user enters their registered email and password and clicks Sign In. The system validates credentials via Supabase Auth and reads the user's role from the users table, then redirects to /public/dashboard, /legal/dashboard, or /admin/dashboard accordingly.

Main Screen Areas

- Email address input field.
- Password input field with show/hide toggle.
- Sign In submit button.
- "Forgot password?" link navigating to /forgot-password.
- "Don't have an account? Register" link navigating to /register.
- Inline error alert for invalid credentials.

Detected Page Structure

Key headings	Welcome Back
Visible buttons / actions	Test: Citizen Test: Legal Test: Admin Sign In

Inputs / selects

e.g. juandelacruz@email.com or admin@justicelink.ph

.....

Documentation Notes

Authentication is handled by Supabase Auth (email/password). On success, the JWT token is stored in browser localStorage. Failed login shows an inline error without redirecting.

PAGE SCREENSHOT

3. Register

ROUTE	<code>/register</code>
SCREENSHOT FILE	02_register.png
ACCESS / ROUTING	Guest-only route. Authenticated users are redirected to their role dashboard.
PURPOSE	New account creation for Citizens (Didit ID verification) and Volunteer Attorneys (manual credential review).

User Flow

A new user selects their account type — Citizen or Volunteer Attorney. Citizens fill in personal details and a Philippine address, then are redirected to Didit's hosted ID verification flow (OCR + face match). Attorneys fill in IBP number, bar roll number, and upload credential photos for admin review. After verification, the user receives an email confirmation.

Main Screen Areas

- Account type selector: Citizen vs. Volunteer Attorney.
- Personal details form: first name, last name, email, password.
- Philippine address selector: Region → Province → City/Municipality → Barangay (cascading dropdowns).
- Citizen-specific: Didit ID verification redirect flow.
- Attorney-specific: IBP number, bar roll number, IBP card photo upload, selfie upload.

Detected Page Structure

Key headings	Join JusticeLink
Visible buttons / actions	Continue to Verification
Inputs / selects	juandelacruz@email.com Min. 8 characters

Documentation Notes

Philippine regional address data uses the select-philippines-address npm package. Citizens cannot access the portal until Didit verification is approved. Attorneys need admin approval before accessing the legal portal.

PAGE SCREENSHOT

The screenshot displays the 'Join JusticeLink' registration page. On the left, a dark-themed image of a man in a suit writing at a desk in a library is shown. The text 'JusticeLink - PH' is at the top left of the image. Below the image, a quote by John Rawls is displayed: 'Justice is the first virtue of social institutions, as truth is of systems of thought.' Below the quote is the name 'JOHN RAWLS'.

The right side of the page features a dark background with the title 'Join JusticeLink' and the tagline 'Empowering Filipinos with legal support'. A progress bar at the top indicates the current step is 'Account Setup', followed by 'Didit Verification', 'Personal Info', and 'Email Verification'.

Two main buttons are visible: 'I Need Help' (with a person icon) and 'I'm a Lawyer' (with a gavel icon). Below these are input fields for 'Email Address' (containing 'juandelacruz@email.com') and 'Password' (with a hint 'Min. 8 characters' and an eye icon for toggling visibility). A blue button labeled '> Continue to Verification' is positioned below the password field. At the bottom, a link states 'Already have an account? [Sign In](#)'.

4. Forgot Password

ROUTE	<code>/forgot-password</code>
SCREENSHOT FILE	03_forgot_password.png
ACCESS / ROUTING	Public route accessible only to unauthenticated users.
PURPOSE	Password recovery screen for users who cannot access their account.

User Flow

The user enters their registered email address and clicks Send Reset Link. Supabase Auth sends a password reset email. The user follows the link in the email to set a new password and is redirected back to the login page.

Main Screen Areas

- Email address input field.
- Send Reset Link submit button.
- "Back to Login" navigation link.
- Success confirmation banner displayed after a valid submission.

Detected Page Structure

Key headings	<code>Reset Password</code>
Visible buttons / actions	<code>Send Reset Link</code>
Inputs / selects	<code>e.g. juandelacruz@email.com</code>

Documentation Notes

Reset links expire after 1 hour (Supabase default). Users who registered via Ddidit may need to re-verify their identity after a password reset if their session has

expired.

PAGE SCREENSHOT

5. Citizen Dashboard

ROUTE	/public/dashboard
SCREENSHOT FILE	10_citizen_dashboard.png
ACCESS / ROUTING	Authenticated Citizen accounts only. Unauthenticated users are redirected to /login.
PURPOSE	Central overview of a citizen's active cases, recent attorney communications, and quick-action shortcuts.

User Flow

A logged-in citizen lands here after sign-in. They review active case statuses, read recent notifications from their attorney, and use quick-action cards to file a new case, generate a legal document, or open their message thread.

Main Screen Areas

- Active cases summary card showing case count and status badges.
- Recent notifications panel: latest attorney messages and case status updates.
- Quick action cards: Get Legal Help, Generate Document, View Messages.
- Sidebar navigation to all citizen portal sections.
- Top bar with user name, Didit verification badge, and notification bell.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW LEGAL SUPPORT RESOURCES ACCOUNT Home
Visible buttons / actions	Withdraw Download
Inputs / selects	None detected

Documentation Notes

Cases in "Pending Triage" status prompt the citizen to complete the triage questionnaire. The Didiit verification badge confirms government ID verification.

PAGE SCREENSHOT

6. Get Legal Help (Triage)

ROUTE	/public/triage
SCREENSHOT FILE	11_citizen_triage.png
ACCESS / ROUTING	Authenticated Citizen accounts only.
PURPOSE	AI-powered questionnaire that assesses a citizen's legal situation and formally files a case for attorney assignment.

User Flow

The citizen answers a guided questionnaire about their legal issue — category (Labor, Housing, Family, Consumer, Cybercrime, etc.), detailed description, and urgency level. The AI engine (Groq llama-3.3-70b) analyzes responses and generates a case summary with attorney match percentage. Submitting formally files the case as "Pending Triage".

Main Screen Areas

- Legal issue category selector (tabbed or dropdown).
- Situation description text area.
- Urgency level selector (Low, Medium, High, Emergency).
- AI-generated case summary card with issue type and match percentage.
- Submit Case button to formally file.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW LEGAL SUPPORT RESOURCES ACCOUNT Get Help
Visible buttons / actions	Susunod

Inputs / selects

category

urgency

income

Halimbawa: Metro Manila

select-one

Documentation Notes

Triage uses POST /api/documents/generate on the FastAPI backend. The assessment is stored in the triage_assessments table linked to the new case record. An attorney is assigned based on match percentage and availability.

PAGE SCREENSHOT

7. Rights Library

ROUTE	/public/rights
SCREENSHOT FILE	12_citizen_rights_library.png
ACCESS / ROUTING	Authenticated Citizen accounts only.
PURPOSE	Searchable educational resource covering Philippine legal rights across multiple categories.

User Flow

The citizen browses or searches for information about their legal rights. They filter by category and read plain-language explanations with references to relevant Philippine legislation (Labor Code, Family Code, RA 9262, RA 8792, etc.).

Main Screen Areas

- Keyword search bar.
- Category filter tabs: Labor, Housing, Family, Consumer, Civil Rights, Cybercrime.
- Article cards with title, category tag, and excerpt.
- Article detail view with full explanation, law references, and practical guidance.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW LEGAL SUPPORT RESOURCES ACCOUNT Rights Library
Visible buttons / actions	Right to Privacy Right Against Unlawful Search and Seizure Freedom of Religion Right to Bail Right Against Self-Incrimination Right Against Double Jeopardy Right to Equal Protection Right to a Speedy Disposition of Cases

Inputs / selects

Maghanap ng topic (e.g. 'OFW', 'sahod', 'VAWC', 'senior')

Documentation Notes

Rights Library content is informational only and does not constitute legal advice. For case-specific guidance, citizens are directed to the triage flow.

PAGE SCREENSHOT

8. Document Generator

ROUTE	/public/documents
SCREENSHOT FILE	13_citizen_document_generator.png
ACCESS / ROUTING	Authenticated Citizen accounts only.
PURPOSE	AI-assisted legal document drafting from predefined templates covering common Philippine legal situations.

User Flow

The citizen selects a document template (e.g., Wage Claim Letter, Demand for Return of Security Deposit), fills in the required fields (names, dates, amounts), and clicks Generate. An AI-drafted document is produced within seconds and can be copied or downloaded.

Main Screen Areas

- Template category browser: Housing, Labor, Family, Consumer, Cybercrime, Barangay.
- Template card selector with 11+ available templates.
- Dynamic form with fields specific to the selected template.
- Generate Document button.
- Document preview panel with the drafted text.
- Copy to clipboard and Download buttons.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW LEGAL SUPPORT RESOURCES ACCOUNT Document Maker
Visible buttons / actions	Start
Inputs / selects	None detected

Documentation Notes

Generation uses Groq LLM via POST /api/documents/generate. If the AI request fails, the backend falls back to template string interpolation. Generated documents are saved to generated_documents and accessible from the Profile page.

PAGE SCREENSHOT

9. Messages

ROUTE	/public/messages
SCREENSHOT FILE	14_citizen_messages.png
ACCESS / ROUTING	Authenticated Citizen accounts only. Active only when a case with an assigned attorney exists.
PURPOSE	Private messaging interface between the citizen and their assigned volunteer attorney.

User Flow

The citizen selects a conversation thread from the left panel (each thread is linked to a case). They read the conversation history, type a new message, and click Send. The attorney receives the message in real time via Supabase Realtime.

Main Screen Areas

- Thread list panel on the left: all case-linked conversations with unread count badges.
- Active conversation panel on the right with full message history.
- Message composer: text input and Send button.
- Timestamp and read status per message bubble.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW LEGAL SUPPORT RESOURCES ACCOUNT Messages1
Visible buttons / actions	I-send
Inputs / selects	file Search Sumulat ng mensahe...

Documentation Notes

Messages are stored in the messages table. RLS restricts access to thread_participants only. Supabase Realtime delivers new messages without page refresh.

PAGE SCREENSHOT

10. Notifications

ROUTE	/public/notifications
SCREENSHOT FILE	15_citizen_notifications.png
ACCESS / ROUTING	Authenticated Citizen accounts only.
PURPOSE	Centralized alert feed for all activity on the citizen's account.

User Flow

The citizen reviews all platform alerts in reverse chronological order: new attorney messages, case status changes, document generation completions, and system announcements. Clicking a notification navigates to the relevant page. "Mark all as read" clears the badge count.

Main Screen Areas

- Notification list in reverse chronological order.
- Notification type icons (message, case update, system alert).
- Mark All as Read button.
- Individual notification dismiss action.
- Empty state illustration when there are no unread notifications.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW LEGAL SUPPORT RESOURCES ACCOUNT Notifications
Visible buttons / actions	None detected
Inputs / selects	None detected

Documentation Notes

Notifications are stored in the notifications table and fetched on page load. The notification bell count in the top bar reflects the real-time unread count.

PAGE SCREENSHOT

11. Profile

ROUTE	/public/profile
SCREENSHOT FILE	16_citizen_profile.png
ACCESS / ROUTING	Authenticated Citizen accounts only.
PURPOSE	Personal account management: update personal information, view verification status, and access generated documents.

User Flow

The citizen reviews their profile details and makes edits (name, address, phone). They can see their Didit verification badge status and change their account password. Previously generated documents are listed with download links.

Main Screen Areas

- Personal details form: first name, last name, email, address, phone number.
- Didit verification status badge (Verified / Unverified).
- Change password section with current and new password fields.
- Generated documents list with download links and creation dates.
- Save Changes button.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW LEGAL SUPPORT RESOURCES ACCOUNT My Profile
Visible buttons / actions	Edit Details Manage History Log Out Account View Full Status View All Download Add Interests
Inputs / selects	None detected

Documentation Notes

Profile edits write to the users table. Email cannot be changed from this page — it requires a Supabase Auth email-change flow initiated separately.

PAGE SCREENSHOT

12. Attorney Dashboard

ROUTE	<code>/legal/dashboard</code>
SCREENSHOT FILE	20_attorney_dashboard.png
ACCESS / ROUTING	Authenticated Volunteer Attorney accounts only. Redirects to /login if unauthenticated.
PURPOSE	Activity overview showing caseload statistics, pro-bono hour progress, and recent case updates.

User Flow

A logged-in attorney reviews their caseload summary and pro-bono hour progress toward the 60-hour IBP target. They scan the recent activity feed for case updates and client messages, then navigate to My Cases or Service Logs via quick links.

Main Screen Areas

- KPI cards: Open Cases, Pro-Bono Hours Logged, Hours Remaining, Clients Served.
- Case status breakdown (Pending Triage, In Progress, Hearing Scheduled, Closed).
- Recent activity feed: latest case updates and client messages.
- Quick links: My Cases and Service Logs.
- Sidebar navigation to all attorney portal sections.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW CASE MANAGEMENT ACCOUNT Dashboard Overview
Visible buttons / actions	Go to My Cases
Inputs / selects	None detected

Documentation Notes

Pro-bono hours are aggregated from the service_logs table for the current 3-year IBP cycle. The dashboard data is fetched on every page load.

PAGE SCREENSHOT

The screenshot displays the JusticeLink - PH Dashboard for user Lance Jefferson Uy, legal. The interface includes a sidebar with navigation options: Overview (selected), Messages, Case Management (My Cases, Clients, Case History, Pro-Bono Hub, Service Logs), and a Pro-Bono Portal button. The main content area, titled 'Dashboard', features an 'Overview' section with a welcome message and three key metrics: Active Cases (1, In Progress), Pro-Bono Hours (0.0 / 60h, 0% verified, 15.0h to first badge, IBP target: 60 hrs / 3 years), and New Matches (0, Awaiting your response). Below these are two action-oriented boxes: 'Kailangang Aksyunan' (Kailangang Aksyunan) with a 'Go to My Cases' button, and 'Kamakailang Aktibidad' (Kamakailang Aktibidad) showing 1 active and 0 pending reviews. The user's profile and a notification bell are visible in the top right corner.

JusticeLink - PH

Dashboard

Overview

Welcome back, Atty. Lance Jefferson . Narito ang iyong pro-bono impact ngayong buwan.

ACTIVE CASES 1 *In Progress*

PRO-BONO HOURS 0.0 / 60h
0% verified
0.0h logged · 0.0h verified
15.0h to first badge
IBP target: 60 hrs / 3 years

NEW MATCHES 0
Awaiting your response

Kailangang Aksyunan
Walang bagong case matches sa ngayon.

Kamakailang Aktibidad
1 active · 0 pending review

PRO-BONO PORTAL

13. My Cases

ROUTE	/legal/cases
SCREENSHOT FILE	21_attorney_cases.png
ACCESS / ROUTING	Authenticated Volunteer Attorney accounts only.
PURPOSE	Case management table for all active cases assigned to the attorney.

User Flow

The attorney browses their assigned cases, filters by status or date, and clicks a case to open the detail view. They update the status, add notes, attach documents, and message the client directly from the case detail panel.

Main Screen Areas

- Cases table: Case ID, Client Name, Issue Type, Status, Date Filed.
- Status filter dropdown (all active statuses).
- Search by client name or case ID.
- Case detail panel: status update dropdown, notes text area, document attachments.
- "Message Client" shortcut button per row.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW CASE MANAGEMENT ACCOUNT My Cases My Cases
Visible buttons / actions	None detected
Inputs / selects	Search by title or client... select-one

Documentation Notes

RLS ensures attorneys only see cases where attorney_id matches their user ID. Status transitions are written to the cases table and logged in audit_logs.

PAGE SCREENSHOT

14. Clients

ROUTE	/legal/clients
SCREENSHOT FILE	22_attorney_clients.png
ACCESS / ROUTING	Authenticated Volunteer Attorney accounts only.
PURPOSE	Directory of all citizen clients currently assigned to the attorney.

User Flow

The attorney searches for a client by name or email, clicks a card to view their full profile, and navigates to their active case or sends a direct message. Client cards show Didit verification status and active case count.

Main Screen Areas

- Client card grid or list view.
- Search input by name or email.
- Client card: name, email, Didit verification badge, active case count.
- "View Profile" and "Send Message" action buttons per card.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW CASE MANAGEMENT ACCOUNT Clients Client Management
Visible buttons / actions	Message
Inputs / selects	Search by name or email... select-one

Documentation Notes

The client list is derived from cases where attorney_id matches the logged-in attorney. Clients with multiple cases appear once in the directory.

PAGE SCREENSHOT

The screenshot displays the 'Clients' management page in the JusticeLink - PH system. The interface is divided into a left sidebar and a main content area. The sidebar contains navigation links for Overview (Dashboard, Messages), Case Management (My Cases, Clients, Case History, Pro-Bono Hub, Service Logs), and a user profile for Lance Jefferson Uy. The main content area is titled 'Client Management' and includes a search bar, a filter for 'Active Clients', and a detailed view of the client 'Lance Jefferson Uy'. This client is marked as 'Active' and has an email address 'lance.citizen@justice.link'. A list of cases is shown below, with one case in 'In Progress' and two in 'Withdrawn' status. A summary at the bottom indicates '1 Active Case' out of '3 TOTAL'. A 'Message' button is available for communication. The top right of the page shows the user's name and a profile icon.

PRO-BONO PORTAL

15. Case History

ROUTE	/legal/history
SCREENSHOT FILE	23_attorney_case_history.png
ACCESS / ROUTING	Authenticated Volunteer Attorney accounts only.
PURPOSE	Read-only archive of all closed and resolved cases handled by the attorney.

User Flow

The attorney filters past cases by date range or outcome (Closed - Won / Closed - Lost) for record-keeping and IBP compliance documentation. Case detail links open a read-only view of the full case notes and service logs.

Main Screen Areas

- History table: Case ID, Client Name, Issue Type, Outcome, Close Date.
- Date range filter.
- Outcome filter: Closed - Won, Closed - Lost.
- Case detail link per row.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW CASE MANAGEMENT ACCOUNT Case History Case History
Visible buttons / actions	None detected
Inputs / selects	Search by title or client... select-one

Documentation Notes

Only cases with status "Closed - Won" or "Closed - Lost" appear here. Service hours logged against closed cases contribute to the pro-bono hour total.

PAGE SCREENSHOT

The screenshot shows the 'Case History' page in the JusticeLink - PH system. The sidebar on the left contains navigation links: Overview, Dashboard, Messages, My Cases, Clients, Case History (highlighted), Pro-Bono Hub, and Service Logs. The main content area is titled 'Case History' and includes a search bar and a dropdown for 'All Outcomes'. Below this, a table lists cases, with the first entry being 'Criminal Cases Concern (May 01, 2026)' by Lance Jefferson Uy, closed on May 2, 2026, with a status of 'Withdrawn by Client'. A 'PRO-BONO PORTAL' button is visible at the bottom left, and a user profile icon is at the bottom right.

Search by title or client...	All Outcomes
Criminal Cases Concern (May 01, 2026) Lance Jefferson Uy - Closed May 2, 2026	Withdrawn by Client
Criminal Cases Concern (May 01, 2026) Lance Jefferson Uy - Closed May 2, 2026	Withdrawn by Client

16. Pro-Bono Hub

ROUTE	/legal/probono
SCREENSHOT FILE	24_attorney_probono_hub.png
ACCESS / ROUTING	Authenticated Volunteer Attorney accounts only.
PURPOSE	Progress tracker for the IBP-mandated 60-hour pro-bono service requirement per 3-year period.

User Flow

The attorney checks cumulative pro-bono hours, sees remaining hours for the current 3-year cycle, and reviews a case-by-case hour breakdown. A button navigates directly to Service Logs to add new entries.

Main Screen Areas

- Progress bar: hours logged vs. 60-hour target.
- KPI display: Total Hours Logged, Hours Remaining, Cycle End Date.
- Case-by-case hour breakdown table.
- "Go to Service Logs" navigation button.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW CASE MANAGEMENT ACCOUNT Pro-Bono Hub Pro-Bono Matchmaking Hub
Visible buttons / actions	None detected
Inputs / selects	Search cases... select-one

Documentation Notes

The 60-hour requirement is per 3-year IBP membership cycle per the Code of Professional Responsibility. Hours are summed from service_logs entries where attorney_id matches the logged-in user.

PAGE SCREENSHOT

17. Service Logs

ROUTE	/legal/service-logs
SCREENSHOT FILE	25_attorney_service_logs.png
ACCESS / ROUTING	Authenticated Volunteer Attorney accounts only.
PURPOSE	Time-tracking log for pro-bono hours per case, used for IBP compliance reporting.

User Flow

The attorney clicks "Add Log Entry", selects the case, enters the date, hours spent, and a description of services rendered. The entry is saved and immediately reflected in the Pro-Bono Hub total. Previous entries can be edited or deleted.

Main Screen Areas

- Service log table: Case Name, Date, Hours, Description of Service, Actions.
- "Add Log Entry" button opening a modal form.
- Log entry form: case selector, date picker, hours input, description text area.
- Edit and Delete action buttons per log row.
- Total hours summary in the table footer.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW CASE MANAGEMENT ACCOUNT Service Logs Service Logs
Visible buttons / actions	Log Service Hours
Inputs / selects	None detected

Documentation Notes

Service log entries must be linked to an existing case (active or closed). Hours in the log drive the Pro-Bono Hub progress bar.

PRO-BONO PORTAL

18. Messages

ROUTE	/legal/messages
SCREENSHOT FILE	26_attorney_messages.png
ACCESS / ROUTING	Authenticated Volunteer Attorney accounts only.
PURPOSE	Unified messaging inbox for communicating with all assigned clients.

User Flow

The attorney selects a client conversation from the thread list, reads the message history, types a reply, and sends. The client receives the message via Supabase Realtime. Attorneys manage all client conversations from this single inbox.

Main Screen Areas

- Thread list panel: all client conversations with case name and unread count.
- Active conversation panel with full message history.
- Message composer: text input and Send button.
- Sender name, timestamp, and read indicators per message bubble.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW CASE MANAGEMENT ACCOUNT Messages Messages1
Visible buttons / actions	I-send
Inputs / selects	file Search Sumulat ng mensahe...

Message threads are linked to cases via the message_threads table. RLS ensures attorneys only see threads where they are listed in thread_participants.

PAGE SCREENSHOT

19. Attorney Profile

ROUTE	/legal/profile
SCREENSHOT FILE	27_attorney_profile.png
ACCESS / ROUTING	Authenticated Volunteer Attorney accounts only.
PURPOSE	Professional profile management: credentials, areas of practice, verification status, and account settings.

User Flow

The attorney reviews and updates professional details (IBP number, bar roll number, areas of practice). They see their admin verification status and can change their password. Profile edits are saved to the users table.

Main Screen Areas

- Personal details: name, email, phone, address.
- Professional credentials: IBP number, bar roll number, years of practice.
- Areas of practice selector (Labor, Family, Housing, Consumer, etc.).
- Verification status badge: Pending / Verified / Rejected.
- Change password section.

Detected Page Structure

Key headings	JusticeLink - PH OVERVIEW CASE MANAGEMENT ACCOUNT Profile Atty. Lance Jefferson R. Uy
Visible buttons / actions	Edit Profile Share Profile Add Areas Add More Sign Out
Inputs / selects	None detected

Documentation Notes

The verification status reflects the admin's credential review. A "Rejected" status displays the admin's rejection reason so the attorney can resubmit.

PAGE SCREENSHOT

The screenshot displays the 'Profile' page for a user named 'Atty. Lance Jefferson R. Uy' within the 'JusticeLink - PH' application. The interface is divided into a left sidebar, a top header, and a main content area.

Left Sidebar:

- JusticeLink - PH** (with a bell icon)
- OVERVIEW**
 - Dashboard
 - Messages
- CASE MANAGEMENT**
 - My Cases
 - Clients
 - Case History
 - Pro-Bono Hub
 - Service Logs
- User profile card for 'Lance Jeffers...' with a 'PRO-BONO PORTAL' button below it.

Top Header:

- Profile
- Notification bell icon
- User name: 'Lance Jefferson Uy legal' with a profile icon

Main Content Area:

- Profile Card:** Features a profile picture, name 'Atty. Lance Jefferson R. Uy', title 'Volunteer Attorney', status 'ACTIVE MEMBER', bar number 'BAR #: ROLL NO. 12345', email 'uylance67@gmail.com', phone '+639690516959', and address '371 Purok 3, Pungo, Calumpit, Bulacan, Region III (Central Luzon)'. It includes 'Edit Profile' and 'Share Profile' buttons.
- Professional Bio:** States 'JusticeLink Volunteer Attorney. Dedicated to providing legal assistance to those in need.'
- Performance at a Glance:** A summary section with the following data:

Metric	Value
Active Cases	3
Pro-Bono Hours	0.0 / 50.0 (0%)
Clients Served	3 Total
IBP Number	123456
Member since	May 2026
- Certifications:** Lists 'IBP No. 123456' with an 'Add More' link.
- Account Settings:** Includes 'Language: Filipino, English', 'Notifications', and 'Privacy & Security' (with a settings icon).

20. Admin Dashboard

ROUTE	/admin/dashboard
SCREENSHOT FILE	30_admin_dashboard.png
ACCESS / ROUTING	Super Administrator accounts only. Non-admin users are redirected away from this route.
PURPOSE	Platform-wide KPI overview: total users, active cases, pending verifications, and system health.

User Flow

The administrator logs in and reviews key platform metrics at a glance. They check the pending attorney verifications alert, scan recent audit log entries, and navigate to Account Management or Attorney Verifications via quick links.

Main Screen Areas

- KPI cards: Total Users, Active Cases, Pending Verifications, Attorneys Verified.
- User role breakdown (Citizens vs. Attorneys vs. Admins).
- Recent audit log feed: latest system events.
- Pending verifications alert with navigate button.
- System status indicator (backend API health).

Detected Page Structure

Key headings	JusticeLink - PH ADMINISTRATION SYSTEM Dashboard System Analytics 14
Visible buttons / actions	View Logs
Inputs / selects	None detected

Documentation Notes

Admin dashboard data bypasses RLS using the Supabase service role key via FastAPI to aggregate cross-role statistics. Data is refreshed on page load.

PAGE SCREENSHOT

21. Account Management

ROUTE	/admin/accounts
SCREENSHOT FILE	31_admin_accounts.png
ACCESS / ROUTING	Super Administrator accounts only.
PURPOSE	Full CRUD interface for managing all user accounts across all roles.

User Flow

The admin searches for a user by name or email, filters by role or status, and performs actions: edit role or verification status, deactivate an account, or permanently delete it. The admin can also manually create new admin or staff accounts.

Main Screen Areas

- User table: Name, Email, Role, Status, Registered Date, Actions.
- Role filter: Citizen, Volunteer Attorney, Super Administrator.
- Status filter: Active, Deactivated.
- Search input by name or email.
- Edit, Deactivate, Delete action buttons per user row.
- "Create Account" button for manual account creation.

Detected Page Structure

Key headings	JusticeLink - PH ADMINISTRATION SYSTEM Accounts Account Management All Users
Visible buttons / actions	Add New User
Inputs / selects	select-one Search by name or email...

Documentation Notes

Account deletion is irreversible and removes all associated records. Deactivation is preferred as it preserves case and message history. Role changes take effect on the user's next page load.

22. Attorney Verifications

ROUTE	<code>/admin/attorney-verifications</code>
SCREENSHOT FILE	32_admin_attorney_verifications.png
ACCESS / ROUTING	Super Administrator accounts only.
PURPOSE	Review queue for attorney credential verification requests pending admin approval.

User Flow

The admin opens the pending verification list, clicks "Review" on an attorney entry, and inspects the uploaded IBP card photo, selfie, IBP number, and bar roll number. They click Approve to activate the account or Reject with a written reason. The attorney receives an email notification of the decision.

Main Screen Areas

- Verification queue table: Attorney Name, IBP Number, Submitted Date, Status.
- Status filter: Pending, Approved, Rejected.
- Detail modal: IBP card image, selfie photo, IBP number, bar roll, areas of practice.
- Approve button and Reject button with reason text area.
- Approved / Total count KPI.

Detected Page Structure

Key headings	JusticeLink - PH ADMINISTRATION SYSTEM Attorney Verifications Attorney Verifications
Visible buttons / actions	Unverified Verified 9 Rejected
Inputs / selects	None detected

Documentation Notes

Approved attorneys receive status_verification = "verified" in the users table and can immediately access the attorney portal. The rejection reason is stored and shown to the attorney on their profile page.

PAGE SCREENSHOT

The screenshot displays the 'Attorney Verifications' page in the JusticeLink - PH system. The page is titled 'Attorney Verifications' and includes a subtitle 'Review and approve pending attorney account applications.' The main content area shows a summary of verification status: 0 Pending Review, 9 Approved, and 0 Rejected. Below this, there are tabs for 'Unverified', 'Verified' (9), and 'Rejected'. The 'Unverified' tab is currently selected, showing a message 'No unverified applications.' The sidebar on the left contains navigation links for 'Dashboard', 'Accounts', 'Attorney Verifications' (highlighted), 'Activity Logs', and 'Settings'. The top right corner shows the user 'Lance Jefferson Uy admin' and a notification bell icon. The bottom right corner features a 'PRO-BONO PORTAL' button and a user profile icon.

Status	Count
Pending Review	0
Approved	9
Rejected	0

Unverified | Verified 9 | Rejected

No unverified applications.

23. Audit Logs

ROUTE	/admin/logs
SCREENSHOT FILE	33_admin_audit_logs.png
ACCESS / ROUTING	Super Administrator accounts only.
PURPOSE	Immutable event log for all significant system actions, supporting compliance and security monitoring.

User Flow

The admin filters the log by date range, event type, or user to investigate a specific incident. They export the filtered results as a CSV for offline compliance reporting. All log entries are read-only — they cannot be edited or deleted.

Main Screen Areas

- Log table: Timestamp, User, Action Type, Detail, IP Address.
- Date range filter.
- Action type filter (login, case_status_change, account_creation, document_generated, etc.).
- User search input.
- Export as CSV button.

Detected Page Structure

Key headings	JusticeLink - PH ADMINISTRATION SYSTEM Activity Logs Audit Logs
Visible buttons / actions	Export CSV 1 2 4
Inputs / selects	Search by user, action, or detail... select-one

Documentation Notes

Audit log entries are written by the application (RLS: INSERT allowed for all authenticated users, DELETE/UPDATE denied for everyone). Only admins can SELECT from audit_logs. IP addresses are captured from FastAPI request headers.

24. System Settings

ROUTE	/admin/settings
SCREENSHOT FILE	34_admin_system_settings.png
ACCESS / ROUTING	Super Administrator accounts only.
PURPOSE	Platform configuration: maintenance mode, feature flags, email notifications, and database backup/restore.

User Flow

The admin toggles feature flags (Maintenance Mode, registrations, Kampi chatbot, document generator). Changes take effect immediately. They can also trigger a full database backup download or restore the platform from a previously exported backup file.

Main Screen Areas

- Maintenance Mode toggle (takes the platform offline for non-admins).
- Feature flag toggles: New Registrations, Kampi Chatbot, Document Generator.
- Backup & Restore section: Download Backup and Upload Backup controls.
- Email notification configuration settings.
- Save Changes button.

Detected Page Structure

Key headings	JusticeLink - PH ADMINISTRATION SYSTEM Settings System Settings System Status
Visible buttons / actions	Save Changes Download Backup (.json) Restore from Backup...
Inputs / selects	checkbox file

Documentation Notes

Settings are stored in the system_settings table as key-value pairs. Maintenance mode is checked at each route load on the frontend. Backup exports are initiated via Supabase's management API.
